"We have had a technical difficulty with our web server and it has been taken offline, which includes the ratification vote. To keep moving forward and get this TA ratified, we will void any votes that were placed online and start over. This means we will hold a paper ballot. I have all of that ready to go.

Here is what I need from you.

Approval to suspend the ACE Constitution, Article 10.7, which requires "elections will be open for 4 business days..." to two (2) days.

Why? I can cover ballot box staffing for two days (all locations) and anyone who is scheduled to retire by this Friday, will get the COLA. With the 4 day requirement, we wouldn't be able to ratify the vote until Monday and those people would miss out.

Please respond with:

Yes, I approve

No, I do not approve.

Thanks

Chris"

Replies of "Yes, I approved" determined that the decision to suspend ACE Constitution, Article 10.7 was approved.
