Date: September 16 & 17, 2019

To: ACE Members

From: Kathy Nguyen, ACE Treasurer & Chris White, ACE President

RE: Approval of 2019-2020 ACE Budget

Since ACE was incorporated in 2009, we have yet to spend all of our allocated expenses in a fiscal year. Partly because some expenses are elective, like stipends and not every board member collects them, and partly because some expenses are based on potential litigation, reclassification, and arbitration costs we didn't incur. Last year, we were able to carryforward nearly \$29,000 from unspent allocated budget items, residual dues from former service fee members, a significant increase in investment earnings, and savings on some operating expenses.

As a result, we have been able to build a healthy contingency fund of \$765,000. This fund enables us to take legal action and cover costs not part of our annual budget without having to pass costs on to our members. In the ten years ACE has been in existence, we have only withdrawn from the contingency fund once to establish our permanent office. All other potential drawn downs have been resolved without the use of these funds. With a pending legal action against CalPERS, and costs to hire financial experts to better position us when we negotiate with the District, we will use some of these funds this year.

In 2018, to address consistent carryforward funds from the previous years, the Board looked at finding the most equitable way to reduce dues for members while at the same time ensuring the Association remains fiscally sound. Some options, like permanently reducing dues weren't as attractive because the amount members would save would be far less than when we could give when we forgive dues. Other options included a flat fee for all members, and a percentage based on the current rate with a cap for higher earners. In February of this year, the negotiating team posed this question to the membership in a survey and 76% of respondents chose to keep our current dues structure.

In addition, the Janus decision handed down by the Supreme Court in June 2018 significantly altered how we are funded. We are just starting to feel the impact of that decision which does not require workers in our unit to be a member of the union even though all workers in our unit benefit from Agreement. With budget reductions and a large number of ACE members retiring (42) as of June 30, 2019, monthly income has reduced from a steady \$20,000 per month to \$16,000 in July 2019. Of those positions being refilled – some are part of the reduction plan and won't come back – at present a little more than half of new employees choose to become a member.

Foothill – De Anza Association of Classified Employees (ACE)

The proposed budget, approved by the ACE Executive Board on August 29, 2019, allocates 96% of our expenses directly towards member representation – the reason we choose to be an independent association – while allowing for one month of dues forgiveness in your November paycheck. If funding allows, it also leaves open the possibility of a second dues forgiveness in spring 2020.

2018-2019 ACE Operating Expenses

Last year, ACE spent 96 percent of the dues collected on activities directly related to representation. This includes expenses necessary to run an independent labor association. This has been consistent since ACE was incorporated in 2009 and is reflective of the reason we chose to be an independent labor association. Plain and simple, representation. The remaining 4 percent is spent on costs related to food for site and general membership meetings, and trainings for officers and stewards. This small investment has led to an increase in member participation at meetings tenfold since we began providing lunch in 2016.
